Stuart,

Attached is a draft letter to the senator for joint signature by Jared and DOH. Please look this over. To avoid too many simultaneous edits, my suggestion is that you hold off on detailed edits until I get suggested changes back from Jared's office early next week. He often can have a lot of edits. However, please let me know if you see any statements that cause concern or key points missing. If you would rather offer detailed edits now, feel free and I will try and fold those in with what I get from Jared. Of course you will have a chance to edit the next version. Let me know who from your office will sign – the director or Keith?

Thanks and happy 4<sup>th</sup>!

Tom
